The annual meeting of the Concerned Citizens of Montauk (CCOM), will be held on Saturday, September 22nd, 2012 at 4:00 pm, at the Montauk Firehouse.

This year's topic: *Tickborne Disease, Your Health and the Environment: Learn the latest medical information and how to responsibly reduce tick habitat around your home.*

Join Anthony Knott, M.D. of Meeting House Lane Medical Practice in Montauk and George P. Dempsey, M.D., of East Hampton Family Medicine as we discuss the latest developments in understanding, diagnosing and treating tickborne diseases, including Lyme, anaplasmosis, ehrlichiosis and the emergent allergy to red meat that research has indicated may be linked to tick bite infections. In addition, Jeremy Samuelson of CCOM will discuss how to reduce tick habitat around your home and property in an environmentally sensitive manner.

This event is free to the public. Reservations are NOT required, however seating is limited.
