

WHY JOIN CCOM'S SUSTAINER CIRCLE?

Because Montauk needs your help!

Montauk's natural beauty and environment are threatened by declining water quality, eroding beaches and coastlines, and inappropriate development. These complex environmental challenges don't have quick fixes. They require a comprehensive multi-year approach – and that's just what CCOM's environmental experts have put in place.

We're working with federal, state, town and community leaders to turn the tide and make real progress; but we need your sustained support to deliver lasting solutions.

You can help us protect Montauk by joining a growing number of your friends and neighbors who have joined CCOM's Sustainer Circle and made a three-year financial pledge to support Montauk.

By pledging to support CCOM for three years, Sustainer Circle members enable CCOM to develop the long-term, comprehensive initiatives required to improve Montauk's water quality and save our beaches. Knowing you will support Montauk now AND in the future is the critical difference in our success. With your Sustainer Circle membership, you help Keep Montauk *Montauk*.

Please join our Sustainer Circle today!

PLEASE SIGN ME UP!

I will make a three-year commitment to support CCOM programs at the following level each year:

- BRONZE CIRCLE \$1,000** Includes 1 ticket to CCOM in the City and recognition on website as Sustainer.
