

**Concerned Citizens of Montauk Celebrates 56 Years with 6th Annual Summer Soirée; Gurney's Montauk Donates Event for Sixth Consecutive Year to Benefit Environmental Protection**

**MONTAUK, NY – June 4, 2026** – Concerned Citizens of Montauk (CCOM) is proud to announce its **6th Annual Summer Soirée**, taking place on **Thursday, July 16, 2026, from 6:00 to 8:00 p.m.** on the breathtaking Spa Terrace at Gurney's Montauk Resort & Seawater Spa. The signature fundraising event supports CCOM's ongoing work to protect Montauk's unique natural environment while celebrating the organization's **56 years of environmental advocacy and stewardship**.

For the **sixth consecutive year**, Gurney's Montauk is generously donating the entire event, including the venue, food, beverages, and hospitality, enabling **100% of all proceeds** from ticket sales and donations to directly support CCOM's environmental programs and initiatives. This longstanding partnership has become a powerful example of how local businesses and nonprofits can work together to protect the natural resources that define Montauk.

Open to the public, the evening will feature an open bar, passed hors d'oeuvres, and a specialty seafood and raw bar overlooking the Atlantic Ocean.

"Montauk's natural environment is what makes this community so special," said **Michael Nenner, President and COO of Gurney's Resorts**. "We are proud to partner with CCOM and donate the Summer Soirée each year so that every dollar raised directly supports the protection of Montauk's beaches, waters, and open spaces."

Families are welcome, with a complimentary movie night and light dinner available for children ages 5–12 through Gurney's Kids Club; advance RSVP is required. Tickets are \$175 in advance and \$200 at the door <https://www.preservemontauk.org/events/soiree/>.

"As we celebrate 56 years of environmental advocacy, we are deeply grateful for Gurney's extraordinary support," said **Kay Tyler, Executive Director of CCOM**. "Their generosity has ensured that every dollar raised at the soirée directly supports our environmental work. We are equally thankful to our donors, volunteers and partners whose commitment helps protect Montauk's natural beauty for future generations."

CCOM invites everyone who wants to support CCOM's work to join this inspiring evening of community, conservation, and celebration. Together, we can help ensure that Montauk remains a thriving and resilient coastal sanctuary for years to come.

**About CCOM**

Concerned Citizens of Montauk (CCOM) is a 501(c)(3) nonprofit organization dedicated to protecting and preserving Montauk's environment through education, advocacy, and citizen action.
